

touch. connect. imagine.

The SAMSUNG Finesse™ makes keeping in touch with the world around you fun and easy. This stylish, advanced touchscreen gives you complete access to the internet, your email and social networking applications. You'll always be connected with the latest news, whether it's about the world or your friends. Plus, the virtual QWERTY keyboard makes responding to texts and emails a snap. You can't imagine anything better.

touchscreen with widgets

The advanced touchscreen on the Finesse has SAMSUNG'S TouchWiz user interface so your favorite applications and functions are only a widget away. And you can use TouchWiz with a stylus or your fingertip.

full html web browser

Take the internet with you. This SAMSUNG'S full web browser lets you surf your favorites, check Email* and download files wherever you go.

social networking applications

Hate falling behind on your friends' latest news? Keeping tabs on your social scene is easy and fun with metro 411 and mobile IM*.

gps enabled

The Finesse is equipped with metroNavigator, which gives you audible turn-by-turn driving directions, easy-to-read maps and the feeling you actually know where you're going, for a change. It also has a local search feature so you can find points of interest as well as movies and events going on in your area.

2.0 megapixel camera and camcorder

There's a full 2.0 megapixel camera in the Finesse, complete with digital zoom, night shot and a flash. You'll be able to take better pictures anytime, anywhere. And with the camcorder, you can take better moving pictures, too.

email (mail@metroSM)

It's like being able to carry your inbox in your pocket. With mail@metro, you can easily access some of your favorite Email* accounts (and set your phone to alert you when new emails are received).

ENERGY STAR[®]

Powered by an ENERGY STAR[®] qualified adaptor for a better environment.
